An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Stempel on 8-12-2005.

Claim 3, line 1 "one of" has been deleted.

Claim 11, line 1 before "the" - -in- - has been inserted.

Claims 13 and 14, line 1 of each "1" has been changed to - -7- -.

The section of claim 17 starting in line 2 with "optionally" and ending in line 3 with "silane." has been replaced with - - amine optionally substituted with C<sub>1</sub>-C<sub>4</sub>-alkyl or aryl or silane optionally substituted with C<sub>1</sub>-C<sub>3</sub>- alkyl - -. Antecedent basis for this appears in the second complete paragraph at p. 11 of the specification.

Before giving the reasons for allowance, the Examiner acknowledges that Gage et al, WO 99/12919 was intended as the major reference in the rejection in the previous Office Action, and not Gage et al WO 00/55150.

The following is an examiner's statement of reasons for allowance: See applicants' arguments relating to the difference in structure of the substances being hydrogenated in the auxiliary reference, i.e. Holz et al. They are derivatives of 2-alkenoic acids having an acylamino moiety attached to the 2- or 3-position. The instant compounds are unsaturated lactones of a more complex structure and do not have an amino group of any kind attached to the carbons of the double bond. Further as

applicants argue Holz et al do not report uniformly superior results for catalyst of the instant process. Thus it would not have been obvious to use the catalyst used by Holz et al in the process of Gage et al, WO 99/12919.

Any comments by applicants relating to the above must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
